## Christmas Message from President

Another year, another challenge. Year after year, Canada's Gas industry continues to rise to meet the challenges of a difficult market. At the AGM in March, I commented on the need for the gas industry to come together as a community. I maintain the message and close the year by thanking you all for your commitment to the community and for allowing GPAC the honor of being the center of it. With your continued support in 2020, we intend to deliver a broader set of benefits to the membership. GPAC's priorities for 2020 revolve around the goal of truly being a source of industry insight and a forum for the sharing and discussing of technical and commercial ideas. Our social events are amongst the best in the industry and always bring out a good cross-section of the industry of suppliers and owners alike. We will continue to look for ways to add to that strong portfolio so GPAC can offer more to you, the members. Last but certainly not least, I want to thank our sponsors. Year after year, they are lending their support to this not-for profit organization. Spartan Controls, Gas Liquids Engineering, Equinox Engineering, Rangeland Engineering, Tundra Process Solutions, Vista Projects, Enerflex and Sulpetro. Thank you, without your continued support this nonprofit board will not be able serve the 300+ members. Congratulations again to rising to the challenge of 2019 and I look forward to meeting the opportunities of 2020 as a community.

From my family to yours, Merry Christmas and a safe start to the New Year.

Sincerely,

Gerardo Leclair

GPAC President

## **Enerflex Corporate Profile**

Enerflex is an international company with over 2,500 skilled, customer-focused personnel with carefully assembled operations in dynamic energy-producing markets worldwide. We are on the ground, with a permanent presence, in every region where we compete, providing integrated turnkey solutions spanning the entire project's life-cycle. Enerflex's platform delivers a valuable array of natural gas infrastructure solutions. Our products and services form a complementary lineup, each element of which strengthens or is strengthened by other elements.

Enerflex supplies natural gas compression, gas processing and treating, refrigeration systems, and electric power equipment – plus in-house engineering and mechanical service expertise, full after-market support, contract compression, asset management capabilities, and equipment rental solutions. The Company's expert teams of globally deployable professionals, technicians, and tradespeople cover the key disciplines of engineering, design, manufacturing, construction, installation, commissioning, assets under management, and service. This enables the Company to cover the entire project, from concept through overhaul, and everything in between. Contract types range from pure fabrication to integrated solutions and turnkey projects.

## **2020 Membership Renewals**

**Renew your 2020 GPAC Membership early for a chance to win a \$250 gift card!**

To all Members and Sponsors, we hope this finds you well as 2019 closes! We thank you for your continued support; without your participation and our Corporate Sponsors, GPAC would not be here to support the industry.

We hope you will continue to support us by renewing your membership for 2020, which begins January 1<sup>st</sup>. For those early birds, we are running a contest - if renew in the month of December and January, we will place your name in a draw for a \$250.00 gift card!

As you know, there are many benefits of belonging to a professional industry organization such as GPAC (and for only \$85 (+gst)). We hope to relaunch the Gas Processing 101 in 2020, in an effort to

get back to our roots of providing industry with technical sessions covering topics relevant to today's industry. These free-to-member sessions cover a range of topics and are taught by experts from industry and academia.

Of course, in 2020, you can also count on Informative Lunches and the number of other social events which have increased in popularity. Check out the following that are already booked:

- Curling Funspiel – March 6
- Annual General Meeting - End of March
- Annual Joint Stampede Event – July 6
- Annual Classic Golf Tournament – September 10

From Producers looking for a forum to discuss ideas to service providers launching a new business line, consider GPAC your method to tap into the broader network of the Canadian Gas Processing Industry.

For further enquiries on corporate sponsorship opportunities or for general membership questions, please reach out to Ron Espiritu at [membership@gpacanada.com](mailto:membership@gpacanada.com) or feel free to contact the office number below.

Ron Espiritu

GPAC Membership/Sponsorship Director

## **2nd Annual Blockchain In Oil and Gas Canada Conference**

The Gas Processing Association Canada is pleased to once again partner on a pair of upcoming oil & gas technology events, coming to the BMO Centre in Calgary Stampede this February. All GPAC members will save 20% on registration fees! Please reach out to [info@gpacanada.com](mailto:info@gpacanada.com) for the special GPAC Promo Code.

The **2nd Annual Blockchain in Oil and Gas Canada Conference** (February 11-12, 2020) will bring together stakeholders and decision makers across the value to chain to discuss how the transformational effect of Blockchain is revolutionizing the oil and gas market and creating new opportunities for innovation. Register with your 20% discount here: <https://www.blockchain-oilandgas-canada.com/page/1403792/register?promo=GPAC20>

The **5<sup>th</sup> Annual IoT in Oil and Gas Canada Conference (February 13-14, 2020)** will discuss **key solutions for major existing challenges such as data management,**

**cybersecurity, cost reduction and emission reduction, share key trends, opportunities and implementation** of IoT and Digital Transformation at Canada's top Oil & Gas operators, and showcase the **most recent IoT programs and technologies** in the market. Register with your 20% discount here:

Interested in sponsoring the 2020 Golf Tournament, contact us at [info@gpacanada.com](mailto:info@gpacanada.com)

## 5th Annual Winter Gala

Our 5<sup>th</sup> Annual GPAC Winter Gala took place on November 22<sup>nd</sup> at the Calgary Petroleum Club. It was a great event kicking off the winter season with bubbly, wine, and a three-course dinner before ending the night dancing to the live performance of "When Pigs Fly". This event is a fantastic couples or team building event with a mix of GPAC members, industry professionals, and significant others.

Check out the photos [here](#).

*Stay tuned for a full GPAC 2020 Events update and don't hesitate to reach out to any of our Board Members for more information!*

## Call for Volunteers

The Gas Processing Association Canada (GPAC) is a “not for profit” organization formed in Calgary in 2004 by the merging of two former Associations - Canadian Gas Processors Suppliers Association (CGPSA), originally formed in 1960, and the Canadian Gas

Processors Association (CGPA), originally formed in 1959. The CGPSA and CGPA cooperated in sponsoring technical sessions for the dissemination of current information to participants in the industry. These sessions also provide a forum for networking and discussing mutual concerns.

Currently GPAC is seeking the following position to be filled for upcoming 2020 year:

- Young Professional Director
- Programs Director
- Health and Safety Advocate / Director
- Marketing Director

Each Director is an unpaid volunteer whose participation is greatly appreciated and necessary.

Directors’ responsibilities include:

- Attending all Board meetings (once/month) and the Annual General Meeting (AGM), and reporting on his/her stewardship of assigned portfolio responsibilities
- Participating in the activities of the Board by offering ideas and suggestions and by completing assigned tasks in a timely manner
- Updating Portfolio procedures, in order to assist the Director who will assume his/her Portfolio in the following year
- Creating/maintaining accurate records of his/her activities through the year

Respecting the views and opinions of other Directors

- Conducting themselves in a professional manner as representatives of GPAC

For further information please contact the GPAC office, [info@gpaccanada.com](mailto:info@gpaccanada.com) or (403) 244-4487.
